ESSEX COURT HOUSE, NY  
by: Glenn A Estus

Recently, this writer acquired a very early Essex County stampless cover from Essex Court House dated May 16, 1804. According to Kay and Smith in New York Postal History: The Post Offices and First Postmasters from 1775 to 1980 (State College, Pa. 1982) post offices were established at Essex and Willsborough, NY in the late 1700's and very early 1800's. The listings are quoted:

ESSEX, Est: Je 1801, Disc: J1 31, 1806, First Postmaster: Theodorus Ross; T Ross declined and Henry Baynham appointed Dec 28, 1801.

ESSEX (12936), Est: Ag 1, 1806, First Postmaster: Henry Baynham, From: Willsborough.

WILLSBOROUGH, Est: Mr 1, 1799, Disc: Ag 1, 1806, First Postmaster: Daniel Ross, From: Willsborough (Clt), To: Essex.

WILLSBOROUGH, Est: Ag 23, 1806, Disc: Nv 23 1893, First Postmaster: Levi Higby, To: Willsboro

Thanks to fellow ESPHS member Chester Wilcox, a very interesting letter follows:

Essex Court House 15th April 1803

Dear Sir:

The post office is re established at the place where it was formerly kept in Willsborough and I am appointed Post Master...

The name of this office was formerly Willsborough but it is now distinguished by the name of Essex Court House it being situated near the Court House in this County.

Please there for to direct the letter etc. in future in this way to wit (Essex Court House New York)

I am your obedt & very humble sert.  
/s/ Theodorus Ross

Pliny Moor Esquire

At least one other cover exists with the Essex Court House marking (Dec 21, 1803). All three covers are addressed to Pliny Moore, the first post master of Champlain, N.Y.

The following paraphrases information from a "Sketch of the History of the Town of Essex, N.Y." written by Henry Harmon Noble (Moorsfield Press, Champlain, N.Y., 1940)

**MESSAGE**

Enclosed with this issue you will find the 1985 membership roster. Please look it over and if you find any errors or would like to change your collecting interest, write to the Secretary. We have put the roster and other information on a computer, so we will be able to get a new roster out to you every year now. We hope you use and enjoy it.

Before you know it, it will be time for the annual meeting and the election of new officers. Our Society is in need of new people to share and take on the work load. Many hands make light work. Contact Bill Seifert, the chairman of the nominating committee, with names of those who can make our Society a better one.

I wish all of you a very happy holiday season. May you enjoy your family and friends and still find time to work on your collection. May 1985 be a good year for you, your family, our society and the world.

### SEMI-ANNUAL MEETING

A semi-annual meeting of the ESPHS was held on October 7, 1984. The minutes for that meeting would normally be included in this edition of the bulletin. Because of the extra weight of the roster pages, and the fiscal wisdom of keeping this issue below 2 oz, the minutes will be printed in the February, 1985 issue instead.

It should be noted that a nominating committee under Bill Seifert's direction was established at the October 7th meeting. Our annual meeting in May, 1985 will include elections for president, vice pres, secretary-treasurer, and three directors. Please consider how you may assist the Society, and contact Bill.

### "MANUSCRIPT POST OFFICES OF NEW YORK"

The members are reminded that the "pre-publication" price of \$8 for this book is available to members through the end of 1984. The retail price for "Manuscript Post Offices of New York State" is \$12. After January 1, 1985, members will still have a 20% discount available as the book will then be sold for \$9.60. Members are urged to take advantage of the lower price while it's still available. All prices are postpaid. Send your orders to the ESPHS address.

### LA POSTA - Eastern Division

LA POSTA was begun in 1969 by Richard Helbock, and focused mainly on West Coast postal history. A couple of years ago, LA POSTA was expanded to include a Railroad Section, edited by Charles Towle, and more recently, a Midwest Section, edited by Alan Patera. With the Oct-Nov 1984 edition, LA POSTA added an Eastern Section, edited by Robert J Stets, Sr, and will now provide, six times a year, 70 to 100 pages of original research data concerning postal history of the entire United States.

If an ESPHS member would like a free sample copy contact: Richard Helbock, PO Box 135, Lake Oswego, OR 97034. An annual subscription (six issues) is \$10.00.

MANUSCRIPT POST OFFICES  
OF  
NEW YORK STATE

Edited by members Henry Chlanda and Chester E Wilcox, the publication is a definitive up-dating of the original work distributed in 1970 and revised in 1973. The 1984 edition is the long awaited culmination of fifteen years work recording on cards the data reported by many collectors and historians. Manuscript post office is the term used to describe the hand written office name and date placed on a letter at the point of origin. Many small offices never did use a straight line, oval or circular handstruck or machine struck device for that purpose and many offices which later became large towns and cities used the manuscript style while they were developing.

The alphabetized listing includes over 2,360 names of post offices, county in which located, earliest recorded manuscript marking and latest date of use of this style, insofar as reported to the Society over the extended time of card preparation. The period of record begins with our country's independence and ends with the close of the 19th century. Offices did, of course, exist in the Colonial period. Albany and New York are both known to have used the manuscript style as well as handstruck markings prior to 1772, but such are not part of our records. As well as markings from the regular offices, the monograph lists all known R.F.D. manuscript markings and any office in which the county name was a part of the despatching identification.

This book must be in the library of any serious collector of New York State postal history, indeed, almost any type of historical library. It could well serve as the model for similar works in other states. The 8 1/2" x 11" format, widely spaced lines on white, coated stock makes easy reading. There are also 24 black & white illustrations of the different types and styles of manuscript markings, tipped into the book as a centerfold.

The retail price is \$12.00. Members of the ESPHS receive a 20% discount.

HOWEVER, up to January 1st members may order this book, post paid, for just \$8.00. Order from the ESPHS, P O Box 5475, Albany, NY 12205.

NEW JERSEY 1847 COVERS

As even the most casual collectors of New Jersey covers must know, five and ten cent 1847 covers with New Jersey postmarks are scarce. Just how scarce is the subject of an "in-the-works" book by the New Jersey Postal History Society. Their most ambitious project to date, The 1847 Issue in New Jersey & Illustrated Directory of Covers will list and hopefully illustrate every known cover used with either a 5 ct or a 10 ct 1847 stamp.

The current projection is to accumulate illustrations and information thru out 1985 in an effort to publish the findings in early-mid 1986. Prompt response is desired, and credit will be given to all contributors, unless requested otherwise. Send Xerox's, photos, comments, suggestions, etc to the coordinator of the project: Brad Arch, 144 Hamilton Av, Clifton, NJ 07011.
