PRESIDENTS

MESSAGE

It will be six years in May since I became President of the Society. It has been challenging but occasionally frustrating time. I have learned to appreciate those members who give their time and talent without being pushed. It has often been a method of trial and error. After all, no one knows the best way to do everything. It takes many working together to develop a successful organization.

I wish to thank the Committee Chairmen and all the others who gave time and effort toward our successful tenure.

Best wishes to the incoming officers! I hope for their great success.

Mark your calendars for the 5th of May - the date of our ANNUAL MEETING. Plan to attend.

Emma
