# THE PRESIDENT'S CORNER

Hello All!

Here is your "August Issue". Really isn't that late...but there are a lot of things that also could have been included.

I have talked about this before, but this time there really is a problem. Due to a serious shortfall of time available to do the Bulletin, you have been getting issues which are shorter than they need to be and issued after the date they are due. This is very unsatisfactory to everyone.

It is not good for the Society. You deserve better and there must be people out there that can help solve this problem. We need them now.

From my point of view, it is no fun at all. I do not like doing a poor job. I have quite a few other jobs regarding the stamping hobby that also need my time. When I scrape together a little time to work on the Bulletin I am leaving undone many other things in the hobby that I feel I should do, and have promised others that I would do.

It has gotten to the point where I now feel guilty about it. It has also gotten to the point where some of my friends are unhappy with the job I am doing and tell me so.

Therefore, after seven years, this is my last issue as editor of your Bulletin. It will be up to the board of directors to come up with a solution. There are a lot of ways this problem can be handled. It need not be a one man job. But what we need are a few more workers.

Please write or call either myself or the secretary. Tell us you can help, or that you have some ideas. We need you now.
