Above is a photo copy of a cover received from a friend recently moved here from California. It was mailed immediately after a devastating storm in the area. There was no stamp on the envelope but, "Disaster Area", written in ink. Anyone seen more like this??

PRESIDENT'S

MESSAGE

I intend to make this message a plea for all members to become more active in ESPHS. With few exceptions, it is the same people who year after year carry on the work necessary to maintain an active Society. They are dedicated and hard-working but some are getting tired. There must be many talented individuals with the energy and time to work for the good of ESPHS.

Be sure to attend the ANNUAL MEETING on May 2nd. We have only two meetings a year. Bring your ideas and complaints. Your officers welcome any criticism or suggestions. New ideas are needed.

Remember the date MAY 2, 1982.

Emma

THOUGHTS & THINGS

No doubt you have already noticed that this issue is the smallest that has been put out by me to date. There are two reasons: 1) it makes it easy for me to catch up on my publication schedule with such a small issue and 2) there was not a heck of a lot sent in for publication that I could use.

Bill Hart has sent in a supplement to his work and we will publish it next issue and there are a couple small blurbs about covers, but it is hard to get good reproduction on them so I hesitate to use them. Also there are a few other things that have been promised.

HOWEVER....things are going to change! My mother always told me that the only way to get things done is to go after

them yourself....so be warned that I will be contacting members for contributions. I know you've got them, so be getting them ready!

You've seen the enclosed great offer on the new book...just a sample of what your society can do for you. Who said "but what can you do for your society"?

I was especially pleased to see new member Maris Tirums join the society because now I won't feel so guilty asking him to do all the reductions and reproductions for the Bulletin that he has done for the society at no charge for the past two years.

The last four pages were set up by George Bernadt and were ready to print. George is another hard working society member that does everything he can to help out others and also save the society money. I think George does a great job with the auction and he shouldn't have to do any more work in getting it done...but he's trying anyway. It shouldn't hurt his feelings too much if you gave him a pat on the back next time you see or write him (Just don't tell him I said anything good about him behind his back)

While we're talking about help....Emma, Ken, Bill & Nettie do their work with the Bulletin, no fuss, no muss....such a pleasure....thanks, I really appreciate it!

See you at the annual meeting....there should be lots of trading going on in addition to the meeting and eating. Go if you can make it....you'll be glad you did!
